Day 1: Luanda -> Sumbe -> River Cubal Canyon -> Grutas de Sassa -> Kumbira ->

We depart from Luanda at around 06:00am and travel down the coast road, stopping to appreciate the Miradouro da Lua viewpoint. We then cross the Kwanza River and pass through Kissama Park. Continuing down the coast road, we cross the Rio Longa (which forms the southern border of Kissama), here we enter into Kwanza Sul province. We then take a coffee stop on the sea front in Porto Amboim. Appreciating the spectacular scenery of Kwanza Sul, we continue to Sumbe and carry on slightly further south to visit the Cubal River canyon at Kikombo. We then turn inland and start to climb towards the east, here we will stop for a picnic and then visit the Grutas de Sassa (Sassa Caves) which were nominated as one of the Seven Wonders Of Angola. This involves a bush walk of some 30 mins. After our caving exploits, we then move further up the escarpment through the quaint town of Vila Nova de Seles and shortly afterwards will arrive at our coffee farm rest stop for the night.

After breakfast, we will visit the farm briefly, and then, we will head south along the Kumbira escarpment to Conda where we will pass by the Tocota thermal springs. We will then stop at the “Cachoeiras do Binga” waterfalls where we will have a quick picnic lunch (or alternatively, depending on time - perhaps we continue on to at the old fishing port of Porto Amboim to take lunch on the sea front).
