#### Day 1: Luanda – Massangano – Cambambe – Dondo – Calulo - Cabuta

We depart from Luanda at 6:00am and travel towards Dondo. After some 250kms we turn right towards Massangano. Like Luanda, Massangano was also founded by Paulo Dias de Novais in 1582. The fortress at Massangano was built in 1583 and is one of the oldest in Angola. The city was used as a base for the Portuguese during their expeditions to the interior of the country to capture slaves. In the 17<sup>th</sup> century it became the temporary capital of Angola when the Dutch occupied Luanda from 1641 to 1648. Paulo Dias passed away in 1589 and he was laid to rest in Massangano, his tomb is still here.

We then move on passing through Dondo where we can appreciate the Kwanza River which is very broad at this point. Here we start to climb, we then take the Huambo road towards Cambambe Dam where we stop for a snack lunch \*(alternatively we may lunch at Dondo, depending on availability) and a short visit (up to the Dam wall if we can get permission). We then continue south and visit the charming town of Calulo famous for its coffee farms, its fort, views. We will either stay in the town or at Cabuta Farm depending on room availability.
